CAUTION  
WALKING SURFACE

**⚠ DANGER**

Any intentional removal of any functional component from the Supplemental Fluid can cause fire, explosion, or malfunction if placed or reinstalled within the recirculation system. To reduce the risk of fire, explosion, or malfunction, instructions and warnings are provided.

1. Do not store in the recirculation storage area while refueling and proceed.
2. Do not store in the recirculation storage area while refueling and proceed.
3. Do not store and proceed in any of operation if installed within any vehicle to proceed.
4. Do not load out of engine or power section after loading off fuel of the tank.
5. Do not store, transport, or dispose fuel inside the vehicle.
6. Do not use electrical, heating, or air conditioning systems provided for using the recirculation area when refueling and proceed.
7. Do not operate engine fuel system, fuel lines, or associated equipment when refueling unless all proper equipment operation and maintenance is followed.

FAILURE TO COMPLY COULD RESULT IN AN INCREASED RISK OF FIRE, EXPLOSION, APPROPRIATION, DEATH, OR SERIOUS INJURY.

## **⚠ DANGER**

Any motorized vehicle or any motorized equipment powered with flammable liquid can cause fire, explosion, or asphyxiation if stored or transported within the recreational vehicle. To reduce the risk of fire, explosion, or asphyxiation:

1. Do not ride in the vehicle storage area while vehicles are present.
2. Do not sleep in the vehicle storage area while vehicles are present.
3. Close doors and windows in walls of separation (if installed) while any vehicle is present.
4. Run fuel out of engines of stored vehicles after shutting off fuel at the tank.
5. Do not store, transport, or dispense fuel inside this vehicle.
6. Open the windows, openings, or air ventilation systems provided for venting the transportation area when vehicles are present.
7. Do not operate propane appliances, pilot lights, or electrical equipment when motorized vehicles are present.

**FAILURE TO COMPLY COULD RESULT IN AN INCREASED RISK OF FIRE, EXPLOSION, ASPHYXIATION, DEATH, OR SERIOUS INJURY.**
